Tested Seeds

for

Gardener and Florist

**Season
1924**

*Paul H. Baermann
Seed Co.*

Store, 504 Vliet St. Phone Grand 6274

Milwaukee, Wisconsin

TO THE GARDENERS:

We present our fifth annual price list of selected pure bred seeds which many years of experience enables me to secure from reliable growers of seed in this country and abroad. We do not attempt to compete in price with inferior stocks offered by some firms under the same name, for any gardener can understand that it costs a seed grower more money to raise a carefully selected and rogued stock than it does a field of cheap seed not requiring as much attention. Naturally the growers prices to us are a bit higher for the better stocks, although you will find our prices very reasonable for the quality of seed offered.

The first cost of seed is but a small item compared to the cost of land, labor, time and all other attentions a crop needs before maturity. If this crop is not as full or of as good quality as it should be and the seed is at fault, you can readily see that the small difference in the first cost of the seed is only a very small part of the loss sustained.

The most important factor to a gardener or florist is that the seeds he has planted should *grow* and it certainly would be a big aid to him to know just what *percentage* grows. We test every item in our stock for germination before our orders are filled and we have the actual tests to show for reference at any time.

PAUL H. BAERMANN

"PRICE MAY GET BUSINESS BUT IT TAKES QUALITY TO
HOLD IT."

All orders taken previous to the issuing of this list, if some of the prices are higher, will be lowered to meet prices in this catalogue. If prices already booked, are lower, they will remain as accepted.

Write your full name and address (town, route and box number) on all orders. We will send all orders of reasonable weight for Garden and Flower seed by Parcel Post, postage charges paid by us (except Beans, Sweet Corn and Peas). Specify on order if wanted by Express, Freight or to be called for.

Seamless Cotton bags charged extra at cost where required for packing or shipping.

TESTED SEEDS

As customary with all American seed houses we can not GUARANTEE results or crops, due to poor weather conditions, improper care at time of planting or cultivation, damage done by insect pests, and all other caused beyond our control.

NON WARRANTY—"We give no warranty express or implied as to description, quality, productiveness, or any other matter of any Seeds, Bulbs or Plants we send out and will not be in any way responsible for the crop."

Although if there is any cause for complaint, we will determine the cause and replace the seed free of charge if it is at fault.

At Lowest Market Prices.

VEGETABLE TYING MACHINE

THE NEW IMPROVED
1924 MODEL

FELINS

Easy to operate—any child could run machine many hours without tiring.

Does work in one-fourth the time required by hand.

Ties much tighter and neater than by hand.

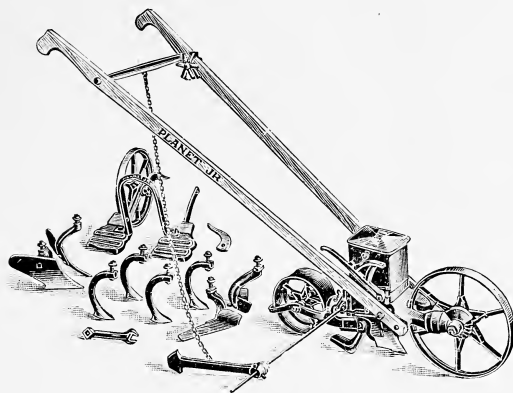

New model has best bronze bearings throughout, only best material used.

Uses 4 or 6-ply Cotton Twine or Colored Tape on Celery and Asparagus.

In most cases uses one-half the twine used by hand.

PRICE \$75.00

Red E Power Cultivator

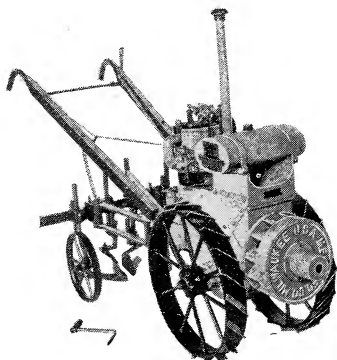

An ideal implement for light plowing, weeding, harrowing and discing in garden or between light row crops. Also hauls light loads, does stationary power work and mows lawns. Uses Planet Jr. wheel hoe and one horse tools. Works straddle or between rows. Does the work of 4 men or one horse. Highly endorsed by prominent Milwaukee county gardeners.

All wearing parts entirely enclosed. All moving parts run in bath of oil. No grease cups. Our own 4 H. P., 4 Cycle, Air-cooled Engine. Has many parts used on well-known, low-priced auto. Durable and efficient. Perfect balance permits easy turning at end of rows.

Guaranteed for one year.

RED E Power Cultivator

complete with Automatic Steering Device, 26" Tool Bar and pair 8" Hoes with 2 Clamps, 2 Straight Standards and 2 Tool Holders —
\$250.00 f. o. b. Milwaukee, Wis.
Weight 450 lbs.

MANURE

Is becoming scarcer every year and will soon be prohibitive in cost, figured on the basis of the plant food it contains.

Intelligent truck growers and market gardeners are turning to

Armour's

for their plant food and to cover crops for their organic matter.

Even if manure is available, acid phosphate must be added to make it a balanced fertilizer.

Armour's Big Crop Fertilizers

supply AVAILABLE PLANT FOOD at the cheapest cost per pound. They

Increase the Yield

Improve the Quality

Hasten Maturity

Enrich the Soil

Cut the Cost to Grow

Increase the Profits

WE CAN SUPPLY ANY QUANTITY ON SHORT NOTICE, FROM A POUND TO A CARLOAD, AND

OUR PRICES ARE RIGHT.

MAKE EVERY ACRE DO ITS BEST!

*“We have the Reputation
for Quality!”*
